

WARTON STOCK CAR CLUB

Disciplinary and Appeal Process

If you are found to contravene a rule at Warton stock car club, then the following will occur.

You will be informed on the day by a committee member and/or the clerk of the course if the incident has been seen or brought to the committee's attention on the day of the meeting. At this point you are informed if you need to attend the next committee meeting. A junior club member will have their parent/guardian present at this time. (Usually, the Wednesday after the race meeting)

If you wish to make a complaint to the committee after a meeting, this must be submitted by 5pm on the Monday after the day of the race meeting. This is so we can review CCTV and potentially contact the person/s involved to be present at the committee meeting or be contacted on the night of the committee meeting.

If a complaint is made about a driver. The driver will be notified by the committee that they are to be discussed at the next committee meeting. The committee will not discuss any club member without first giving reasonable notice that the club member is being discussed. 24hrs minimum. The committee must attempt to contact the driver via telephone, text message and email. If the complaint is only brought to the attention of the committee on the evening of a committee meeting. The secretary will note the complaint, and this part of the meeting will be adjourned until the club member has been contacted. In instances where the matter needs to be discussed before the next race meeting the committee will make arrangements to hold a disciplinary hearing using an internet-based platform to discuss the matter. The club member in question will be given every opportunity to defend themselves.

Any evidence that has been submitted or is available will be submitted by the committee and the club member during the disciplinary hearing. The committee does not have the right to review information outside of the disciplinary hearing where all parties have the option to attend and see all evidence.

Up to two members of the committee will leave the room at this point. This is so in the event of an appeal there are two people available to listen to an appeal.

Adult members can, if they wish to, bring another club member with them, junior members must have their parent/guardian present.

You will be asked to state who you are and your race/membership number (for the benefit of the minutes of the meeting) it will then be stated why you have been asked to attend. At this point you will be given sufficient time to present your case.

After you have finished the committee will debate your case and a decision will be made. In the event of your nonattendance a decision will be made without you present.

You will be informed of the decision by phone call by no later than Friday after the committee meeting. This will be backed up by a letter via post or email.

All phone calls / letters / emails in regard to Junior club members will be made/sent to their parent/guardian.

Appeal

If you feel the decision is wrong and wish to appeal, you can do so by one of the following.

You can Appeal up to 2 weeks after the date on your decision letter. You must send a letter of appeal to the secretary (an email stating your intention and a letter is on the way would also be advised) you will then be invited to the next committee meeting. If possible, we will make every effort to hold an appeal meeting via Teams to hear your case if required.

The appeal will be held by the two committee members who didn't sit on the original hearing plus two members of the subcommittee. The rest will leave the room.

There is no racing under appeal.

You can only appeal once.

The committee's decision is final and is not contestable through legal action. You agree to this when you sign for your membership or a day licence form.

If you offend again your previous offences won't be taken into account when deciding if you are guilty or not guilty of an offence. But they will be taken into account when the length of the ban is decided.

All bans will be stored on a database for a period of 5 years.

All club bans will be shared with Barford Raceway, Warton Stock Car Club shall honour any bans handed out by Barford Raceway.

Any bans which tally up to three months' worth of meetings will also be reported to the ORCI.

Any action's deemed unsporting by the committee may be discussed with the parties involved.

Below is a list of penalties per class for common offences. Please note these are a minimum for all and depending on severity can be increased.

Repeat offenders can expect increased bans.

These bans can accumulate e.g., if you have followed a car in, then hit the stationary car after 3 laps. You will be penalised for the two offences.
